**DON'T MISS OUT ON  
THIS ONE!**

**Be a co-owner of a year  
round HEALTH & Life  
EXPO!**

By Hank Krastman, Ph.D.

This is YOUR lifetime opportunity.

Yes! rumors are true, we are opening a large continuous exposition

of Health, New Age, Sports and Outdoor products.

We will be located in a beautiful 10 Million Dollar building, 50,000 square feet of floorspace, and we will start with 200 booths and food concessions.

Located in Agoura-Westlake, one half hour from Los Angeles, 15 minutes from the San Fernando Valley and 15 minutes from Ventura county; a large Hotel and major restaurants nearby, a very peaceful

and spiritual area, pointed out to us, right off the freeway. Easy connection from the L.A. Airport.

We will open May 1, 1990, Fridays from 5 pm to 10 pm, Saturdays and Sundays from 10 am to 10 pm.

We will have major speakers each Sat. & Sunday. Unlike most expos, the lectures and workshops will be reasonable, and we will advertise these events in magazines, newspapers, and on radio and television—more than any other Expo. We

expect an average of 10 to 15 thousand people each weekend, and we have plenty of FREE parking!

NOW HERE IT IS! We will share as a co-op with those who start with us. You will receive A FULL SHARE OF STOCK (Non-Voting) for each booth you occupy, and we calculate that this share of stock—from a total of 1000 shares capital stock— may pay for your booth within one year!

Admission to the Exposition will be two dollars and fifty cents. You will share in this, as well as the profits from the food concessions. Discount admission tickets will also be handed out at all the New Age stores in Southern California.

You can NOW reserve your 8'x 8' booth by selecting one from the floorplan above at \$500 per month, including advertising and electricity. You can design the interior of your booth, to be there each weekend, or you can have an unattended booth, which we will stock with your literature and patrol. Full alarm system has been installed, and full day and night time armed guard security will be in the building.

You will also receive a free 2 1/4" x 2 1/4" ad in the Unexplained Magazine, distributed at this Expo and nationwide, through the new age stores.

It is interesting to know that I did set up the 3 large indoor swapmeets in the San Fernando Valley. After 4

years, the booths are being auctioned off for as much as \$18,000 each.

You know how you have said in the past: "I wish that I had participated in that or this project." Now you are sorry that you did not! Well, here is your opportunity to participate! Don't let this one pass you by, because we made it very obtainable for you!

All you need to do: Reserve your booth today by mailing your last month deposit of \$500. Then when you move in, pay \$500 and each month thereafter. Dividend checks will be paid yearly. Remember, we have only 200 booths for ten thou-

sand prospects, and the **stock certificate** is only for those who reserve their booth right away on this initial offer to become a partner!

We reserve the right to refuse any application. Send your check for \$500 today, and we mail you the stock certificate and your booth confirmation. If at any time you wish to move out, the booth will come back to us, and we will **pay back \$500 for your stock certificate.**

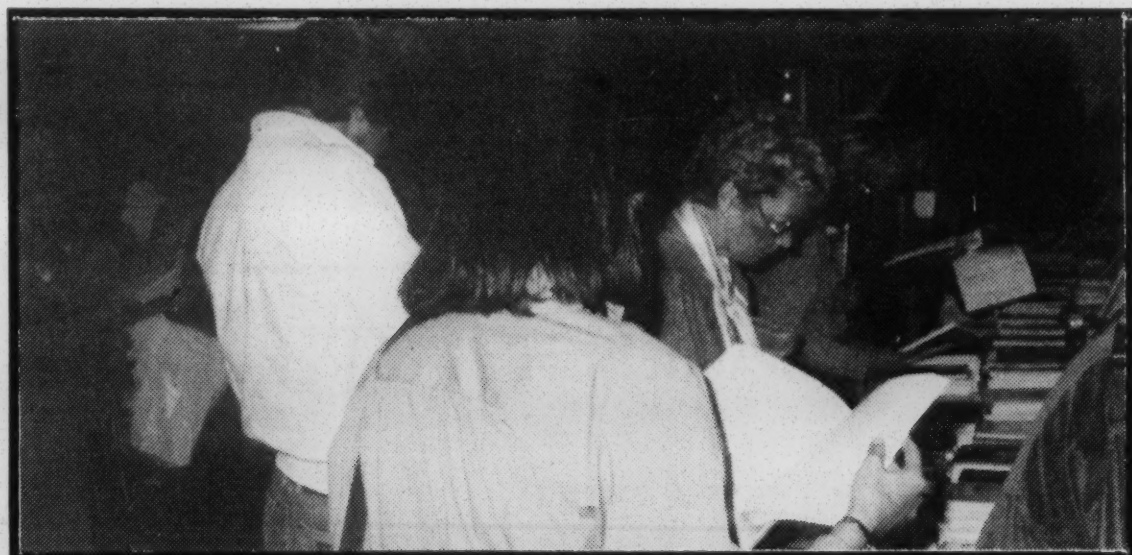

A month before you can move in, we will notify you. At this time, we are not giving out the address, as this will interfere with the construction people who are making the building ready.

So again, be smart; act at once before the spaces are gone. Mail your check today! Remember, there is a first-come, first-served basis on booth location.

Hope to work together in light and harmony soon!

# WE ALL GO AROUND IN CIRCLES

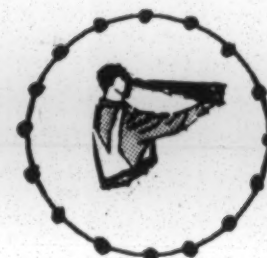

By Bob Light

Charles Dunham is an accomplished hypnotist with twenty years of experience. Chuck is one of the few who still makes housecalls, he has helped people with smoking, weight, as well as other problems and past life regressions. The sessions are private and the fees are very reasonable. Chuck also likes to do group sessions and teach self hypnosis. Throughout his many years in this field, he has had many unusual experiences, at the age of six, while looking over a field at the woods in a distance, he saw all off a sudden a large Giraffe, while there are no giraffes in that area, then a very small old man came up to him and said: "Strange, is it not?, this is just the beginning, you will see much more over the years, but make sure you use it to help others". Then thirteen

years ago Chuck had a near dead experience and saw the tunnel of light, since that day he realizes how important life is and how to help others. While interviewing Chuck, he told me about his methods: "Imagine a circle that has no beginning or ending, the Alpha and Omega has no beginning or ending and so it is with eternal life. We always have been our Higher Self and we always will be, we are truly the possessors of eternal life.

Now go back to the circle and see many points around this circle each representing a point in time, now imagine yourself with a spyglass and you look at any point on the circle, looking at this one point, you can not see the other points. Through regression it is possible to see any time point, see the diagram. Hypnosis is very much the same, draw a circle representing the mind which is endless also, the mind may be represented in three sections: the conscious, the critical and the unconscious. In regression we deal with the subconscious mind, whose properties are:

imagination, emotion and memory. Starting with emotion, moves you to the imagination which leads you to remembering an event, such as the last meal you had, or even the last lifetime you had. You can start at any point on the circle, like an entrance you wish to enter. This is just a very brief description on how it works, but anyone who likes further information or arrange a session with me, can always call me and I am happy to speak to any group or organization at no charge!" I found Chuck to be a sincere individual and I recommend you call him at (818) 364-9288.

# THE UNEXPLAINED MAGAZINE <sup>8</sup>

Dear Readers,

Welcome to "The Unexplained", which together we will explore. At this time our magazine is published quarterly and in the future we will publish it on a monthly basis.

We ask for your participation by contributing information and photographs of unusual experiences you had or have, we pay standard rates. We try to concentrate on mysteries of life, not so much on psychic experiences, although there is some connection. We want to share facts, if there is an unusual site in your area, please send us a report, for instance, we have been told that in Arkansas there is a round hole in the ground in a grassy field, about three feet in diameter, from which eerie sounds come to the surface, local people have lowered a heavy rock on a rope and then another rope and so on but never reached the bottom, a bottomless pit? We sure would like to hear more about this!

Then also in Arkansas we heard of an area with a green mist, and if someone walks into it they disappear? The Navy did some experiments with a ship to make it invisible. We will make visits to various sites ourselves and organize guided tours to some areas.

Let us hear from you.  
Thank You.  
The Publisher.

Please Note:

The writers of articles in this magazine have stated that the material submitted are true events!

Sometimes we will add editorial comments at the end of each article. In case of medical or diet information, check with your doctor first, we recommend the use of Osteopaths.

# A Day With A Psychic

## *The New Age Renaissance Man*

● By Virginia Marston

There is a warmth about Dr. Alan Schwartz that is as undeniable as it is unexpected. After all, one would assume a man whose name evokes such unanimous respect in Los Angeles, as well as Worldwide metaphysical circles to be on the unapproachable -even aloof- side.

That's what one gets for assuming!

The telephone rings in Burbank's CA Psychic Eye Bookstore, in which Dr. Schwartz currently maintains an office. "Al Schwartz here," the rich baritone announces to another client, who's not just another client. None of them are, for that matter. "What's the matter, hon?" he asks, frowning into the receiver with genuine concern. "Don't worry, you're not bothering me. That's what I'm here for."

As he listens to this particular trauma d'jours, a student approaches him with an affectionate hug. He smiles affably, communicating a welcome to the newcomer and counsel to the voice on the telephone, shifting from one to the other without diminishing his attentiveness.

"You're reacting to his negative energy," he warns his caller. "Remember what I've told you: don't volunteer to be a victim. Come from the strong, loving energy within."

Energy. That's what Dr. Schwartz is all about. From the sublime to the substantial, from the esoteric to the earthly, from the metaphoric and mystical to the mundane, he operates off of, with energy, viewing each moment in life as an opportunity to transform, transcend, transmutate. He must, in order to maintain the sheer pace of his life.

Take today's schedule, for instance. First, he has a reading with the client who just walked in the door. It's supposed to be an hour long session, but knowing Dr Schwartz, he'll be characteristically generous with his time. After that, he'll take his car (whose license plates read "Dr. ESP") to a nearby hospital for his rounds; he regularly visits hospitalized clients or makes house calls, as needed.

Then, it's off to a network studio; he's currently working as a technical advisor for a television series, after which he plans to play New Age consumer advocate. It seems that a gypsy fortune teller cheated a client and Schwartz is determined to

recoup the losses. The consummate professional, he bristles at this breach of ethics, discarding his customary laissez fair gentleness in favor of righteous indignation.

(Editor: Bravo Al, I agree with you one hundred percent!).

He has three more readings in the afternoon, before his ESP development class that evening. Then there's a friend's art exhibition and ----

When asked how he does it, how he does any of it, he smiles. "It's just a matter of total awareness of energy. Energy of the mind, body and spirit, all working together."

Alan Schwartz calls himself a teacher, but his students beg to differ. His tutelage is a deceptively painless process. As a rule, they view him as something far loftier: a mentor, a therapist, a guru, an enlightened best buddy, certainly not a buttoned down and stuffy demagogue.

At which, of course he chuckles. "I just point the way. I show people the possibilities within them. They have it al -- I just bring it out. I'm a spiritual chicken soup, all natural, good for whatever ails you"

Typical. Pure, vintage Schwartz. Schwartz the mystic, the artist, the punster and heretic.

Thirty-three years' worth of experience combined with impressive educational and geneological credentials (he comes from generations of Qabbalist masters) have afforded Schwartz a contagious sort of self-

confidence, an unwavering professionalism and the luxury of laughter.

Correction. Laughter is by no means a luxury in his book. In fact, it's one of the indispensable tools of his trade. His whimsical approach to deadly serious issues enables his clients to take themselves less seriously-- and their Selves more so. Humor is the sacrament in his iconoclastic liturgy and love the celebrant.

Entering Schwartz's office-- nay, his presence-- is rather like stepping into a metaphysical supermarket. He shifts effortlessly from one discipline to another, from rebirthing to regression to crystals to tarot to chromotherapy to astrology to reflexology, never limiting himself to a single science. A Renaissance man of the New Age, he is a master of all trades.

His life attest to this fact. He may claim to be merely an instrument for healing, loving energies, but he's a finely tuned instrument, indeed. He is forever reading, studying, honing his own instincts, listening to his guides-- plural.

"I have no one master," he muses. "I find the divine in people-- and learn from each and every individual I encounter." Granted, it sometimes seems incongruous to hear this rabbi-like man talking about such diverse subjects as Christ Consciousness, the Buddha's wisdom and integrating the spirit and flesh. But this is a true eclectic who takes the best from a smorgasbord of sources, intuitively dispensing doses from each as needed. A visitor may have a spontaneous reading, an impromptu crystal healing, a channeling experience.

"We all walk many paths," he explains. "I just put keys on the rings of people so they can open their own doors."

Experience, education and travel have conspired to inspire Schwartz to help a baffling variety of individuals. Tossing stereotypes to the wind, he has attracted the gamut of humanity: Jews and Christians feel equally at home with him, as do Buddhists,

agnostics, Gnostics, Sufis, card-carrying skeptics and even that veiled Muslim woman who defies convention and orthodoxy to slip in the back door for a rebirthing. He has a unique ability to put each at ease, to allay apprehensions and address the heart of the matter.

The heart of the matter? "He gets to the core of your SOUL," a woman states. "His accuracy is almost unnerving. Fortunately, he never says 'I told you so'. With Alan, it's more than a reading-- it's like a chat with your higher self."

The man who is a psychic of the STARS is unfazed by the notoriety (or the lack thereof) of his clients. For one thing he does not like to drop names and for another, his objective is to encourage his clients and students to take charge of their

lives, to come from a place of love and strenght. "Psychic to the stars?" he grins, repeating it in song. "I'd rather help create stars, bring out the best in every life I touch."

And he does. An art collector and critic, Dr. Schwartz tends to attract individuals in creative fields. Writers, visual artists, musicians, photographers report phenomenal results in his treatment of creative blocks. He

zeros in on the problem and "prescribes" an assignment that may be cathartic, creative, therapeutic and commercially viable in a single shot.

A client burst in unannounced. "You told me this was going to happen!" she shrieks in good-natured indignation. "Everything that you told me came true!"

No, he does not say I told you so. He simply bursts into song or offers a shoulder to cry on or cracks a joke or tells a story about his years in Paris or the Bronx. "Unconditional love, that's really the bottom line."

Even hard bitten skeptics are impressed by Schwartz's down to earth attitude towards other Worldly matters. His practical approach, has won scores of believers and spawned scores of what one terms "Alanists".

His readings, classes, lectures and seminars have indeed attracted loyal following. "I couldn't go to anyone else," a client observes matter of factly, "if this man ever relocated, I'd either follow him or have one hell of a phone bill."

Towards the end of the day a woman drops by to thank Dr.

Schwartz for his help during her husband's death. "This lady is so beautiful!" he exclaims, embracing the beaming septuagenarian, and basking in the light of his all encompassing joy, she is, she truly is and thanks to Alan Schwartz, she knows it.

# What's In The Stars For 1990!

*Astrologer Jon Stevens Reveals Your Astrological Forecast For The Coming Year—Plus, An Honest Account Of What To Look For In Any Private Reading.*

Looking to the future brings with it a certain amount of anticipation, or apprehension, toward what may lie ahead. With circumstances in our present society so volatile, so unpredictable, it is small wonder that many seek advice from a psychic, card reader or astrologer. For them, such counsel may be the only way of coping with the uncertainties of future events.

But what of the future? Are the events and circumstances in our lives pre-destined, or do we really have control over what will happen? Every once in a while, in our more contemplative moments, the age-old question of destiny vs. free will creeps into our consciousness in one way or another.

No matter where you stand on the destiny/free will issue, you're bound to run into trouble. To suggest that we are manipulated like puppets

in a pre-set drama whose conclusion has already been ordained in the heavens is absurd. On the other hand, to say that there are no outside forces working their effects in our lives is equally ridiculous. Perhaps the only way to resolve this quandry is to take the middle ground, saying that our lives are composed partly each of destiny and free will. In my own experience as a metaphysician, and having done thousands of astrological charts over the years, it appears that with most people, only a small percentage of things in life are actually pre-destined. The majority of events and circumstances seem to be a product of the choices we make and the energies we expend to bring them about.

One of the most common misconceptions of newcomers to astrology, or to any of the divinatory arts, is that the practitioner holds some

mystical key to the deepest, darkest secrets of their soul or that his predictions are irreversibly set in stone. Advisors who make such claims or who leave the client with the feeling that 'This is what's going to happen, and there's nothing you can do about it,' are blatantly irresponsible. Such approaches only minimize the client's free will for the sake of inflating the advisor's own sense of power. Among respectable practitioners, it is generally known that predictions, unless accompanied by the very rare occurrence of Divine Inspiration or Intervention, cannot be stated absolutely. Psychic perceptions or astrological assessments, furthermore, are filtered through the advisor's own set of values, prejudices, attitudes, etc., and inevitably come out so biased.

So why should one consult an astrologer or psychic advisor? The

true advisor gives hope, inspiration, encouragement and a realistic game plan for the future. Preferably, he or she should possess a certain amount of spiritual wisdom to distinguish the more appropriate choices in any given situation from those less so. You should feel better after a consultation, having your best feelings about yourself confirmed and many doubts erased, with a renewed sense of optimism about the future.

If anything can be said to be 'destined,' it is the influences themselves, not how we react to them. Hardly anyone could argue about it if the Moon was in the first house of his astrological chart, for example, or if the planet Jupiter was transiting his Midheaven. We create the events and circumstances in our lives by reacting to these influences positively or negatively, for better or for worse. It is the astrologer or psychic's job to guide clients through these influences, to caution against possible limitations and inspire them to action when conditions are favorable.

With the foregoing in mind, here are what the stars show for you in 1990:

**Aries** - You'll be facing a year of major changes in relationships and the way you appear physically to others. You'll make great strides in personal expression and in the development of your personal talents as well, rounding out a metamorphosis more striking than you thought possible. To maximize career advantages, especially in October, put personal feelings aside and concentrate on the work at hand.

**Taurus** - Although you have difficulty sometimes in seeing through to the truth of your circumstances, this year will bring unparalleled vision

toward cutting away non-essentials so that you can practice economy of your time, talent and resources. You'll have some tough decisions to make regarding friends or the crowd with whom you associate. In May, put personal feelings aside to gain both in finances and career.

**Gemini** - This will be a year for you lend your energy to a purpose larger than yourself, either by supporting a humanitarian cause or by participating wholeheartedly in a group effort. There will be great financial remuneration for these efforts so long as you can hold true to your original purpose. In Jan./Feb., you'll experience a brief identity crisis, coming away with a clearer vision of yourself.

**Cancer** - You'll have unbelievable career opportunities this year, but the dilemmas they present may at first test your moral fiber or the strength of your convictions. Hold your ground, as there will be ways to integrate the 'real you' in the work you do without compromising anything. April & Oct. will be turning points, the former a 'breaking out' from your usual pattern, the latter a matter of public image.

**Leo** - Financial opportunities this year will put you to the test. Either you'll turn a potentially stifling situation into a career advantage, or you'll sacrifice something that represents security for the sake of reaching your long-term goals. You could be led down the wrong path by unscrupulous business associates in April. A major financial decision in May sets the tone for the rest of the year.

**Virgo** - Financial pressures this year are actually a blessing in disguise, forcing you into a position which ultimately spells greater ease and

security for years to come. An unexpected turn of events in May could bring the group or company you're involved with to great success. In July, you'll be forced by circumstances to make a change regarding career for the sake of an expansion opportunity.

**Libra** - You'll have to think in the largest terms to keep up with career opportunities coming your way, putting you in a new situation or lifestyle by year's end. Positive direction will be provided through social contacts, some of whom you'll consider out of your league or bizarre. April will be a culminating point for you; either past efforts will come together or you'll set a new direction for yourself.

**Scorpio** - You'll find yourself drawn to a single project or purpose this year, the importance of which will outweigh all others. A development in August could either show you the light at the end of the tunnel in a financial enterprise or bring sweeping changes in career, social affiliations and domicile. A family or domestic matter which comes up in May could have fortunate repercussions for your career.

**Sagittarius** - Advancement in 1990 may depend on your achieving a new level of emotional maturity. Your heightened emotional tenor will show itself on many levels, especially in career, where challenges will demand an emotional outpouring or response. Your professional life will inevitably become intertwined with your personal life in some way. It will be a great advantage, especially in July.

**Capricorn** - Your natural aptitude for correctly sizing up any situation will be honed to perfection this year,

allowing you to lay the groundwork for great success. Although you'll display personal magnetism and be able to take charge in any situation, getting the attention you deserve will depend on meeting the right people. You'll undergo an educational or training program in July.

**Aquarius** - Many new people will come into your life this year— some romantically, some as friends, some

as advisors or liasons. The result of so much new input will be to open up opportunities you formerly had thought inaccessible or impossible. If there is opportunity for travel in October, either for career or pleasure, it will exceed all expectation. Look to a great financial opportunity in May.

**Pisces** - You'll feel as though you're coming out of a fog for the first part

of 1990, overcoming obstacles that had plagued you this past year so that you can achieve the recognition you deserve. Your social circle will expand to include all types of people, most of whom will be helpful or supportive. A travel opportunity in June could set you on a whole new plateau of career advancement. ■

"A biography of Cayce's inner self... Stearn is... the quintessential American journalist, skeptical as well as believing... # INTIMATES THROUGH TIME

## EDGAR CAYCE'S MYSTERIES OF REINCARNATION

JESS STEARN

Author of *The Sleeping Prophet* and *Soulmates*

I recommend that you read this fascinating book which looks at the past lives of EDGAR CAYCE it is excellent! Hank Krastman, Ph.D.

In his phenomenal best seller, *Edgar Cayce -- The Sleeping Prophet*, author Jess Stearn brought the life and work of this renowned psychic to the attention of millions of readers worldwide.

Now his latest book, *INTIMATES THROUGH TIME: Edgar Cayce's Mysteries of Reincarnation*, explores seven past lives of this remarkable man. Stearn who has studied the Cayce phenomenon for over 30 years, shows us both the man and the mystic. We see Cayce in his various stages of development-- from the young man constantly struggling against sexual and material temp-

tations to the spiritual prophet who would use his psychic powers to heal and help others. Based on the readings of Cayce as well as through the eyes of those who knew him best, Stearn offers a unique look at Cayce's life in the 20th century and of his past life in Egypt, Troy, Persia, and Atlantis, among other places. While investigating Cayce's incarnations,

Stearn was able to regress many of the people who knew Cayce in those other lifetimes and shows how their lives were intertwined with Cayce's in both his present and past lives. This examination of Cayce and his relationships with others serves as a model of the soulmate or Karmic-Cluster theory-- the belief that the same circle of kindred souls meet again and again in each succeeding lifetime. "Each soul enters each

experience for the needs, the preparations, and for the greater expression of God's love," Edgar Cayce once said.

Both an in-depth, fascinating chronicle of the nature and experience of reincarnation as well as a vivid reconstruction of Cayce's past lives, *INTIMATES THROUGH TIME* gives readers a rare opportunity to explore the mysteries of life after life. The book is available at most bookstores:

*INTIMATES THROUGH TIME: Edgar Cayce's Mysteries of Reincarnation*, by JESS STEARN, a Harper and Row book, publication date November 1989, Hardcover; 262 pages; \$ 17.95 ISBN: 0-06-250819-9

# THE GREAT LEE CARVEL

*Lee Carvel poses here with some of his past-life portraits.*

*Depicted are a drawing of himself as a black boy, his own Indian Spirit Guide and past-life representations of others.*

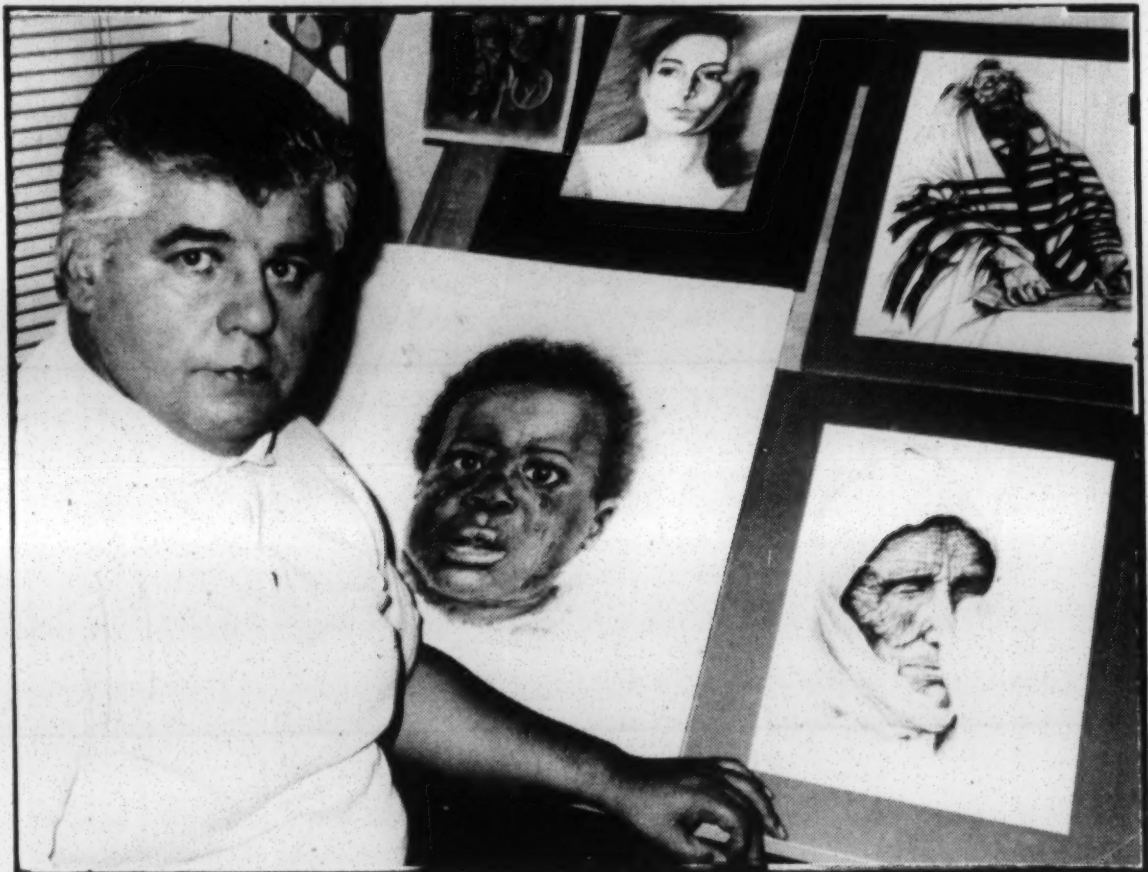

Famous Los Angeles Psychic, past-life and spirit guide artist, is now doing work by mail order. Lee has a tremendous background in the metaphysical field, since the age of eight.

In the early sixties, he was involved with the meetings at Giant Rock, CA, a space ship landing site, where the well-known "Integatron" is located, a rejuvenation machine built by George Van Tassel based on the Ark of The Covenant principle, the Tesla experiment, etc.

Lee does psychic and metaphysical cartoons and has written radio and movie scripts.

He now syndicates an psychic information column in conjunction with his radio show entitled "Dimension X."

Having done portraits for Ronald Reagan, Roy Rogers, John Wayne, Tommy Lasorda, Elvira, Mistress of the Dark, and many others, his work

hangs in such prestigious places as The White House and The Roy Rogers Museum. His work also appears in the private collections of Frank Sinatra, Dean Martin, Don Rickles and other celebrities.

When he does a past-life portrait, Lee goes into a semi-trance, and paints a true, lifelike representation of the way his subject appeared in another lifetime. While painting, he also records on cassette tape a psychic reading dealing with the various details

connected with that lifetime. It takes up to three weeks to complete a single drawing and up to six weeks for an oil portrait.

Many people now own beautiful past-life drawings or portraits by Mr. Carvel, including one gentleman who now has eleven pieces of his work.

A black-and-white drawing (11" x 17") with explanation on tape costs \$300. A 16" x 20" oil portrait is \$950. Lee works from a recent photo of yourself for psychometric evaluation. If you know of a past life yourself, he can tune into it, giving details and a full description.

This is the greatest personal gift to yourself or others involved in the metaphysical field. Lee Carvel can be reached by writing him c/o Krastman Productions, P.O. Box 16790, Encino, CA 91416-6790.

# SPIRITUAL ART

by Hank Krastman, Ph.D.

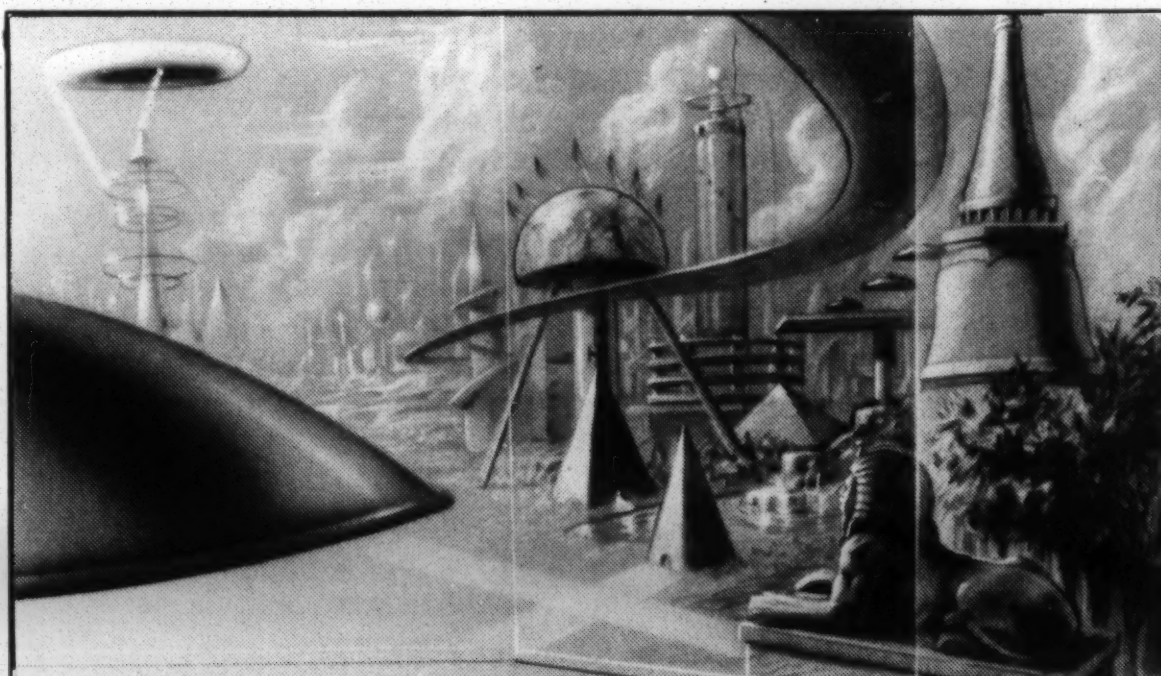

Artist Corey Wolfe attended my lecture at the last Whole Life Expo and approached me afterwards to buy one of my books, it is my custom to write a short psychic message in the book, the message I perceived was: "You will be very successful with your Egyptian style Designs." Corey proceeded to open his briefcase and show me his new art designs with the Egyptian slant. The source is never wrong as we both noticed and it confirmed that Corey was doing the right thing with his beautiful art.

You can see some of his art and explanation on these pages, however the beautiful colors are lost in the black and white prints. Corey Wolfe likes to transmit a message in his paintings and he said: "Intuition seems to be my guiding influence. My life has been a succession of strange and thought provoking journeys. Intuition led me from being a sporting goods salesman in 1978, to being an artist in 1979. Art came fast to me, within three years I had 15 greeting cards on the market for companies like Paper Moon and Renaissance. Since then I have moved to Fine/Commercial Art and a large portion of my work is for

the movie industry, I have done 60 video cassette box covers and painted for clients such as Time Magazine, Pepsi, Disney, RCA, 20th Century Fox, Universal, NBC, etc. too many to list. However at this time my main interest is vastly becoming, visionary art, art should reflect an aspect of

me along my path. As you travel back to the IS, you will acquire your own best truths. Please use them for altruistic purposes only, because we are all in this together. One day in the middle of a sketch, my hand wrote: KNOW THYSELF, NOW THYSELF, NO SELF! I find it very

important to think and meditate on the NOW! There is only the NOW and since it's where we do our work- we should become very familiar with it. Try not to think of the past or the future, for just 10 minutes and you will see where you spend most of your time. My current avenue of study, is the UFO field. Not from a NUTS and bolts scientific direc-

*Vision of the inside of the Mother Ship with various Healing and Environmental control devices.*

GOD, there are many paths to God, so this is why art should speak to your soul, and perhaps you and the artist have a past or present life link together and if any of my art strikes a chord with you, I would love to hear from you! My address is at the end of this article. Ever since I remember I had a preoccupation to the hidden side of life. I have spent a great deal of time investigating the subtle thoughts that creep into one's conscious mind and which are usually ignored. For me these journeys within eventually revealed (or helped me remember) truths. These truths have been a beacon to me, guiding

me, but from a cultural, philosophic point of view. Let me know if you wish to share a story for painting. A lot is going by us or around us, we are too caught up in the diversions of the World, to actually notice it. The Eastern Religion calls it Maya: Illusion, I feel that there are many kinds of illusions, such as advertising, politics, some religions, peer pressure, the news and television. All these are means to make you think someone else's way. If you choose to give up your free will, you only have yourself to blame, de-program yourself. People learn best from good examples, SO BE ONE! Respect all

*A past life memory.*

life, everything is evolving, it all has as much right as you do, to fulfill its allotted time. I once asked a teacher of mine what he thought the most important reason for living. He replied with three simple words: "To promote Life." So, listen to the quiet promptings in yourself, the truths are not found in the loud world outside, but within, in silence, as I express it in my art." You can write Corey R. Wolfe at 11751 Hortense St. North Hollywood, CA 91607 Editors Note: I have seen Corey's studio. There is a beautiful selection of art works. The artist invites your letters and he will discuss your desires for a personal art work or other art related questions. you can for instance give a description of a psychic or spiritual experience and Corey will create a beautiful painting, based on your description. The painting above is actually a painting of the Tunnel of Light when my wife had a near dead experience, Corey painted what she had actually seen!

## HANK KRASTMAN, Ph.D.

### Psychologist, Psychic, Channel, Lecturer

During the war years as a child in Holland, Dr. Krastman had many experiences with entities from other dimensions, not understanding them at that time. At age seven, various things happened. For instance, during the removal of his tonsils in the Hospital, he had an out of the body experience, when he saw himself laying on the operating table. When telling this and the details to his mother, she promptly took him to a psychiatrist, who told her that he was what they call a "Psychic" and that it would eventually go away; it did not! Later at the same age, he asked his mother about the rats in the backyard below their apartment, where they lived above a fish store. He reminded his mother how she was

afraid of them. His mother got pale and said to him: "You can not know about this, because you were not born yet. You were still inside of me." At the same age again he witnessed the fall of Peter Hurkos in the Hague, Holland. A coincidence? When Peter Hurkos fell off the roof on his head, Hank found himself within 10 ft. of this event and felt surrounded by an enormous intensity of white light! Throughout his life up to this day, he has experienced many psychic phenomena, such as contacts with demons, disappearance of objects before his eyes, communication with physical messengers from other planets, the men in black, apparitions including the Virgin Mary while not a Roman Catholic. He had an experience in the early sixties in a timewarp at Superstition Mountains in Arizona as explained on his video: "Secrets of the Ley Lines." Also an experience with a blond-haired, blue-eyed, tall Hopi Indian, who showed Dr. Krastman an escalator which supposedly led to a Hopi City in the innerearth as explained on his video called: "Palatkwapi." He travelled extensively all over the World to Mysterious places, and he gave lectures since 1961. A

recent experience is a channeling session with his own spirit guide "Kahil" who had been trying to use his vocal cords for years and finally succeeded. Dr. Krastman has been on many TV and Radio shows. His experiences are also recorded in his book: "Mysteries Of Life Explained." Dr. Krastman gives study sessions and will answer all questions in workshops or by mail. He received his M.A. in Sociology in Holland and obtained a Ph.D. in Psychology in Arizona. He worked as an Industrial Engineer, teacher, managing director of a large firm and as a contractor in the building industry. He worked in education as a researcher and counselor. He was on the Board of Regents with a Christian college and worked as a Southern Baptist Missionary to the Indians in Arizona. Now he is a member, as so many are, of 'the invisible Church of Jesus Christ.' He believes that there are many roads to God, no matter what your religion is. He is available for workshops, lectures, radio and TV Shows on these and many other related subjects. Write to Hank Krastman, Ph.D., P.O. Box 16790, Encino, CA 91416-6790. ■

## CHANGE YOUR LIFE!

I offer a correspondence course which is based on my book "Mysteries of life explained" as well as other books. To take this course, you need to become a member of MU, the Metaphysical Union. This is a precise study program and I will be your teacher, with the help of my spirit guides and the visitors from the other dimensions. Unlike the Hocus

Pocus of some orders or societies, ours is a straight forward approach in the Light, not an occult teaching and it will not interfere with any religion, it will add knowledge to your faith, your life will definitely change for the better! Each lesson covers three chapters of the book and you can progress at your own speed, however the fastest you may go is seven

weeks, each lesson has to be meditated upon, before you go to the next one. Each week you will receive a new lesson and questions which will be reviewed and answered. ## A HEALING RESORT

**SPECIAL MESSAGE FOR A HEALING RESORT,** given by the men in black. by Hank Krastman, Ph.D.

While meditating in my office, the man in black appeared next to my side and said : "The time has started and it is now time for all to act and start the healing center in the Topanga Canyon area, you will be guided in finding the location, tell all who WILL LISTEN that they must act now, the emphasis must be placed on healing, specially the children and others whom are mentally ill, the reason why they are in this condition, is because they did not know how to protect themselves when they opened their liquid crystal body receiver and how to finetune the reception as you

explained in your book, saying at all times, THAT YOU ONLY WISH TO RECEIVE THAT WHAT COMES IN TRUTH, them not knowing the bad reception, they allowed the negative forces to enter and received mental illness, you and yours will be shown ways on how to heal them with love, peace and attention, your medical doctors are completely lost by using chemicals to control them, the children of God and the Master in the Highest Light will show the way and provide new tools and a building on your new property, this building must be constructed as the original healing TABERNACLE as it was given to your George van Tassel and he than changed the name to INTEGRA-

TRON and also changed the shape of the building and then became involved with Government projects for a while, which took it away from the healing mission. You are herwith given the first plans (handed me plans and papers) which are to be tied in with the papers you received several years ago from us in PERU. The building needs to be constructed as a pyramid as you can see on the plans , inside of this pyramid will be the round building similar to the Integratron or Tabernacle. We will come to help you with the construction as we did at the Pyramids in Egypt, under the Sphinx is an entrance to the underground chambers in the inner earth not known by any at this time. You will be shown an

entry on this new property when the time is ready and it is drawing near, this entry will take you into a tunnel system, to reveal the hidden chambers, all of you will travel underground. This message is for all of you whom feel connected and whom wish to help in this project, your feelings are right, you are the chosen ones of the Law of One whom will meet with this member of the council of nine. Some of you think you know the answers, but you don't. This time you have a chance to really do

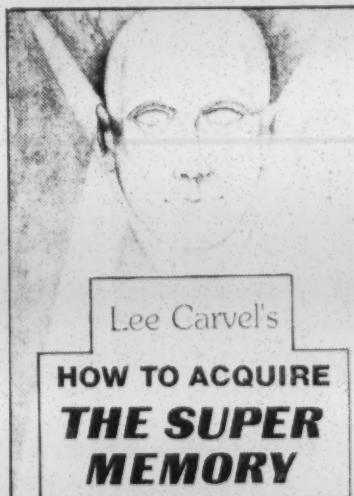

something about it, don't procrastinate if you want to be part of the continuance. By joining you will receive a precise pyramid plaque, placed on the property and this plaque will send out your healing energy. Heed to our voices, which come in Truth and in Light!" Based on this communication, we need to raise a million dollars to start with, to acquire the property etc. I have established an interest earning trust account in which your money will be placed and I will keep you informed

as to our progress. For a \$20 donation, you will receive a certificate of a part owner in this healing project and for a donation of one hundred or more dollars you will receive your brass plaque in the form of precise pyramid placed on the grounds in concrete with your name and/or family names as directed. Please send your donation to MU/Trust account, P.O.Box 16790 Encino, CA 91416-6790

# MEDICINE WHEEL DAY TRIPS

The giving circle has organized a day trip to the Medicine wheel in Simi Valley, CA. on (Call for next scheduled date (818)340-5526) at 1 PM, We will meet at the end of De Soto Ave in the San Fernando Valley. Go North on De Soto all the way to the end past the 118 freeway. We will meet there at 12:30 PM and leave promptly at 1 PM. ( If you want to go, please be well in time!) At the Medicine Wheel, Glen Tusunka Witko will do an Ancient Pipe Ceremony in which you may participate. Smoking the pipe is not required. (No alcoholic or illegal substances allowed). We will also meditate with Hank Krastman, Ph.D.

Bring your own crystals and/or power objects. Jon Stevens, the famous astrologer to the Stars, will be doing an Astrology reading on the Medicine Wheel, and he will be available for readings. We will have channeling by an oracle: Christy "The Butterfly Writer". The pipe ceremonies are free. Interpreter Linda "White Bird Woman" will be present to assist anyone with questions.

Bring a peace offering to the Mother Earth such as a feather, food, statue, rock, crystal, etc. to leave behind.

It will be a half-hour hike slightly uphill. We will hike slowly. Bring drink and food for yourself, in case you get thirsty or hungry. Wear good shoes and sun protection.

**NO SMOKING!** You will attend at your own risk, and there is no charge.

The Giving Circle who organized the medicine wheel trip, has bi-weekly meetings which have a gathering of people interested in bringing together information, regardless of religion, philosophy or belief, to improve our Spiritual life in this Earthwalk to help our Earth Mother. The source of this information comes primarily from the speaker, but everyone in attendance is encouraged to bring up any teachings, personal viewpoints or perspectives they may have. We have an open Gathering and everyone present is free to express their points, questions and understandings without fear of ridicule or argument.

The Gatherings are free, though there is a donation basket provided at the door for those who wish to contribute to the circle's growth. Most everyone brings fruit, drinks or snacks for all to share at breaktime. There are

no alcoholic or illegal substances allowed at the Gatherings. For everyone's comfort, there is an area set aside for cigarette smokers. (Not on the Medicine Wheel trip).

The Gatherings begin promptly at 1 PM and end at 3 PM, except at the Medicine Wheel meeting. This will go on until you wish to leave.

Following the Giving Circle Gatherings is a Meditation Workshop conducted by Glen Tusunka Witko. We will be inviting Guest Teachers with

alternate approaches, as well as welcoming those in attendance to share their personal experiences with meditation. The primary goal for the workshop is to teach balance and Fluid-Harmony to all in attendance to better handle our experiences in this Earthwalk. The secondary goals are self-awareness, opening of our perceptions and re-establishing our connections with our Earth Mother, the Universe and THE CREATOR.

The Meditation Workshop begins promptly at 3:30 PM. There is a \$5.00 donation for each person per workshop, to the Giving Circle, to offset the costs.

The Giving Circle meets at 7350 Milwood Ave., #1 Canoga Park, CA 91303. For further information about scheduled bi-weekly speakers and meetings, please write or call: (818) 340-5526. Chapters Wanted.

Bowen, Nocerino and Joshua Shapiro

In this book, the co-authors give an indepth analysis (from a parapsychological as well as a scientific perspective) of the mysterious ancient human-sized skulls made from various types of quartz crystal. All such Crystal Skulls have been found in ancient ruins of Mexico, Central and South America. Even though several of these ancient skulls have been scientifically examined, the experts are still unsure about how they were manufactured and by whom.

Mr. Nocerino is considered to be a leading authority on the subject, having personally seen and researched more than twelve such skulls. He is the author of many books and training courses in diverse fields, and has lectured extensively during his professional research spanning more than 40 years. Bowen and Joshua Shapiro have been researching the connection between UFOs and Crystal Skulls and lecturing about this for the past three years.

Included in this book are personal experiences of Crystal Skull researchers, as well as channeled material from extraterrestrials, dolphins and interdimensional beings. There are 40 photographs of four ancient Crystal Skulls, plus several contemporary carved skulls. Theories are discussed as to what the purposes and symbolism of the Crystal Skulls are, and how they will help transform our world into one of peace and harmony.
